Preserving our past, growing our future

Supporting tomorrow's future

On Wednesday 8 November, we invite the entire Lincoln community to come together on Giving Day. Help us grow our future while preserving our past.

Our iconic Ivey and Memorial Halls have seen generations of students embarking on their educational journeys, creating bright futures and lifelong friendships.

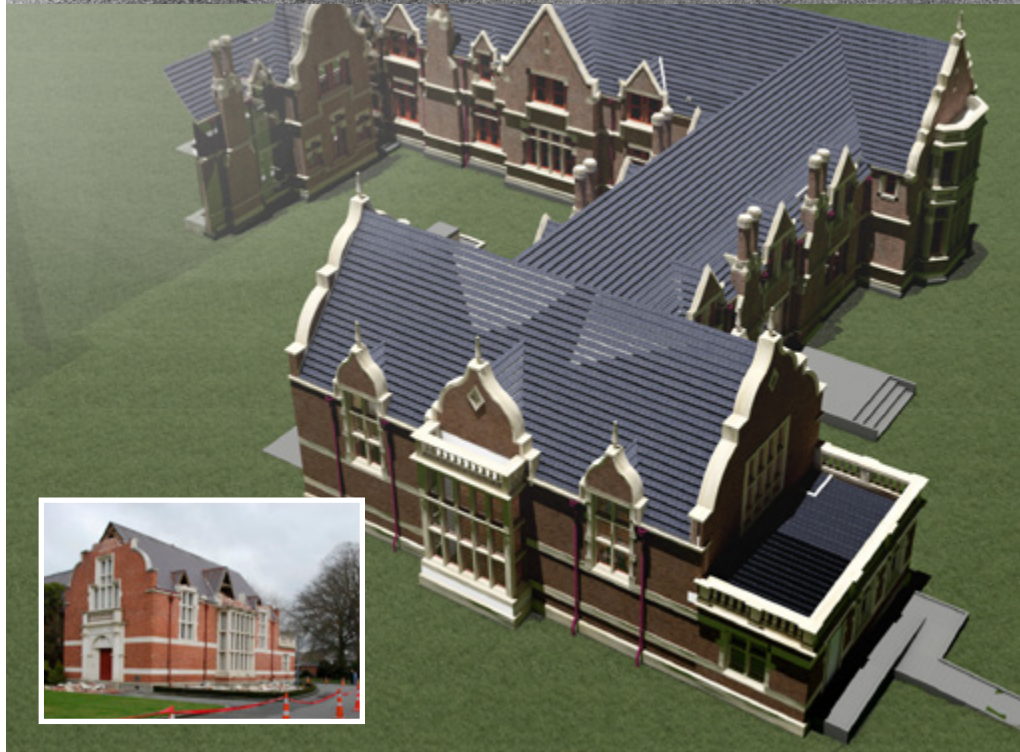

Join us in supporting tomorrow's future.

Restoring our heritage

Built in 1924, Memorial Hall was a student-led initiative that was brought to life through the generosity of alumni and community to honour Lincoln's fallen students and alumni.

Memorial Hall and the west wing of Ivey Hall are currently being restored, following the 2010-2011 earthquakes, to ensure they once again take a central place on our campus and will continue to be jewels of the campus' heritage precinct.

Preserve, Educate, Inspire

In 2028, we mark our 150th anniversary— a perfect time to celebrate our newly restored buildings and rich history, and to share our stories with generations to come, but we need your help.

Your donation will go towards establishing new scholarships and creating heritage areas to celebrate and share our rich history.

We also welcome philanthropic support directed to other areas of the university

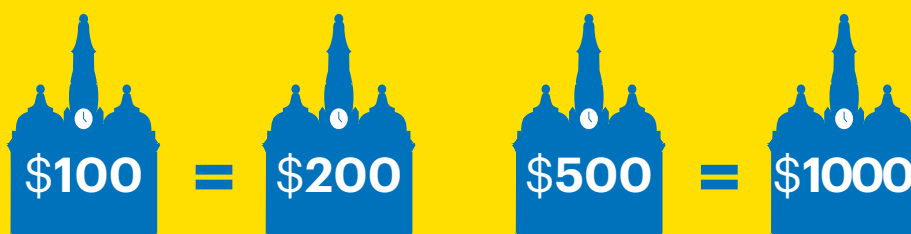

Why is Giving Day special?

We have 24 hours to reach our goal. All donations will be doubled, thanks to our generous matching donors who have already pledged their support.

Let's write the next chapter of Lincoln University's story together.
